

Staubsauger-Modelle sortiert nach DM-Drittanbieter-Beutel

Die DM Seite ist katastrophal, wenn man sich nach dem Beutel einen dazu passenden Staubsauger suchen muss... Also Copy & Paste.

Es gibt Tippfehler in der Liste bei DM - z.B. Serverin statt Severin... Alles falsch was falschmachbar ist... Also los:

Kein Gewähr für diese Liste. Ich hafte nicht für Fehlkäufe oder Schäden an eurem Staubsauger. Ihr handelt auf eigenes Risiko!

Wie navigiere ich?

Beutel finden

1. Nutzt die Suchfunktion des Browsers (Strg + F)
2. tippt euer Modell ein
3. scrollt soweit hoch, bis ihr den PR Eintrag findet

Vernünftige Hersteller finden

Hier gibts eine ganz schöne Breite der Hersteller. Über Strg+F sucht ihr nach diesen und seht dann direkt wie häufig er hier auftaucht. Taucht er weniger häufig auf, ist es ein besserer Hersteller, weil er einheitlichere Fassungen verbaut.

Natürlich gibt es Vertragshersteller und umgelabelte Staubsauger, dann ist nur ein Eintrag vorhanden. Aber z.B. S a m s u n g (ich will nicht dass dieses Wort ein Suchtreffer wird) - die bei einem Beutelmodell auftauchen und sonst bei keinem anderen - sind namenhafte Hersteller, die es begriffen haben, dass es keinen Sinn hat hunderte verschiedene Fassungen für zig Staubsaugerbeutel zu verbauen. Solche findet man in dieser Liste mit etwas Arbeit. Wegen der Navigation links tauchen die Herstellernamen mindestens zwei Mal auf.

So findet ihr auch euren Staubsauger nach den Beuteln die es üblicherweise oft in größerer Anzahl in eurem lokalen DM gibt. Ganz Alman-Mäßig...
